We can pursue DipJar.

2 \$2500 sponsors have committed. James continues the outreach.

**Arts:**

[Handel and Haydn](#) - came back with a great package, wanted an answer day after break. The school agreed, we are still waiting to hear back to confirm with the society.

Principal would like to start with grade 1-2 and build on it. Twice weekly, they would find a bi-lingual teaching artist. They would work with the school for the duration of the school year. They offer concerts, do field trips, and other opportunities to engage the students.

We need school's support to update the information about the school so that we can get the grant process going.

We are also waiting for an estimate from CMCB for programing for higher grades, which NPHS will have to cover.

Monica had a meeting with Urbanity. They are excited to work with us again. They have bilingual teachers, they are are open to doing whatever we agree on. It may be too overwhelming for the school to engage with Urbanity. There is an opportunity to engage with

Bodega, use Balance studio. Our priority is ensuring music, Urbanity is open to working with us when we are ready.

CMCB wants to work with us, but we would have to pay for it, they are not confident they would get the grant as they are the largest grant recipient in the city.

New schedule has not been worked out yet.

**Parent Square** - Emily will present at the SSC on Thursday. Hoping to get teachers' buyin, NPHS will cover the cost. The app would replace Remind, ClassDojo, and streamline the school communication and increase parent engagement.

**Infrastructure** - working on hand dryers, Mr. Muhamed needs soccer nets, we can cover that. Four new floor mats have been delivered to the school.

**STEM** - no updates

**WebSite** - Ms. Colon will take over the Twitter feed.

Amazon Smile and Boxtops - please use <https://www.boxtops4education.com/>.

We should get a date for Spring cleanup.

**Next Meeting: Monday, March 30th, Alicia Erickson's house 7pm.**
